深深記得兒時校歌中一句：「他日成材服務社會報恩厚」。教育可以改變命運，盼望內地的山區小孩可以走出光輝未來。你和我也可以！

I remembered one of the lyrics of school songs, "To be a successful person in the future and serve the society in return". I hope the students in remote mountainous regions in Mainland China can walk into a bright future as I believe education can change their destiny. You and I can do.

我在苗圃當義工已經八年多了。當初參加苗圃是因為她將所有的捐款都用於受惠者，而運作經費則要另外籌募。我日常的工作是接聽電話，相比起那些出錢出力到內地的工作組成員，我所做的是微不足道，但我也心存喜悅！

I have been a volunteer of Sowers Actions for eight years. Initially, I joined Sowers Action because it allocates all the donations to the beneficiaries while its operational expense is raised separately. Although my job duty is handling phone calls which sounds trivial when compare to the Work Groups who devote their effort or donate money, but I am so delighted to be one of us.
